

# Carlotta Sinisi

## PROFILE

Junior Frontend Developer with a strong interest in web development, UX/UI design, photography, and social media management.

## WORK EXPERIENCES

### Frontend Developer Consultant - Vlc<sup>2</sup> / Reply / Intesa Sanpaolo

01/26 - Present

Frontend developer in a project for Intesa Sanpaolo, working as an external consultant at Reply and employed by VLC2. I contribute to the development and maintenance of web interfaces using Angular and JavaScript, collaborating within a structured team. This experience allows me to apply development best practices, work on shared codebases, and contribute to a complex enterprise-level project, strengthening technical skills, attention to detail, and collaboration in high-responsibility environments.

### Frontend Development Academy - Vlc<sup>2</sup>

09/25 - 12/25

Structured training program carried out alongside senior developers, focused on frontend development with JavaScript and Angular.

I strengthened my skills in building responsive user interfaces, dynamic DOM manipulation, and developing data-driven web applications, working on both standalone projects and applications integrated with APIs.

- Modern JavaScript (event handling, application logic, Fetch API)
- Angular (components, services, HttpClient, reactive forms)
- Data management through CRUD operations (GET, POST, PUT, DELETE)
- Architecture principles and best practices for scalable and maintainable applications

The program combined technical-theoretical lessons with hands-on exercises, helping me develop autonomy, a structured working method, and strong attention to code quality.

### Carpisa & Bershka – Shopville Le Gru, Grugliasco (TO)

10/22 - 11/23

- Customer service in the women's and men's departments
- Sales assistance and personalized support throughout the entire purchasing process, from initial welcome to checkout
- Restocking based on sales performance and warehouse organization
- Cash handling, returns management, and online order processing
- Development of strong communication, teamwork, adaptability, and problem-solving skills
